

SAURAV KUMAR

Bengaluru, Karnataka | sauravkai2023@gmail.com | +91 7209739823 | https://leetcode.com/u/saurav_kai/ | <https://github.com/sauravkai-01>

PROFESSIONAL SUMMARY

Computer science engineering student with experience in frontend and backend technologies. Proficient in React.js and Node.js, demonstrating strong problem-solving abilities with over 400+ LeetCode problems. Committed to supporting dynamic software projects and fostering collaborative success.

TECHNICAL SKILLS

Languages: C++, Java, Python, JavaScript, SQL, HTML5, CSS3

Backend: Spring Boot, Express.js, Node.js, Django, Flask

Frontend: React.js, Redux, Bootstrap, Tailwind CSS

Database: MySQL, PostgreSQL, MongoDB,

Deployment: Git, GitHub, CI/CD, Docker

EXPERIENCE

Hack-A-League 4.0 | Hackathon *Feb 2026 - Bangalore, India*

Global Academy Of Technology

Officially acknowledge the participation of Saurav Kumar, a student from AIT Bangalore, in the 24-hour "Hack-A-League 4.0" hackathon that was organised by the Global Academy of Technology.

Next-Generation Cloud Computing & AWS Industry | Workshop - Acharya Institute Of Technology

Prepared students for industry readiness in cloud computing and AWS.

Participated in a five-day training programme on advanced cloud computing and AWS, officially recognised by the institute.

Data Analytics Job Simulation | Deloitte (Via Forage)

Successfully engaged in a professional job simulation emphasising data analysis and forensic technology.

Showcased expertise in deriving insights from complex datasets and articulating findings clearly.

Earned recognition through a certificate endorsed by Deloitte's chief human resources officer for demonstrated industry-relevant competencies.

PROJECTS

SecureVault – Encrypted File & Message Sharing | [GitHub](#) *Feb 2026: Node.js, Express, React, PostgreSQL, AES-256-GCM, OpenAI*

Built a full-stack web app for securely encrypting and sharing files and messages. Implemented AES-256-GCM encryption with PBKDF2 key derivation, ensuring passwords are never stored. Features include time-limited access links (5-min expiry), 4-digit access codes, QR code generation, and AI-powered text summarisation via GPT-4o. Includes SHA-256 + HMAC integrity verification and automatic cleanup of expired data.

CERTIFICATIONS & ACHIEVEMENTS

- Certificate ID **[69c82dcaab1b4690700823e7]** confirming Saurav Kumar's completion of the Sigma C++ DSA course from Apna College.
- Certificate ID **[69b811bcf93e5634050cce5a]** confirming Saurav Kumar's completion of the Sigma (DSA with Java) course from Apna College.
- Data Analytics **Job Simulation Deloitte (Via Forage)** | Showcased expertise in deriving insights from complex datasets.

EDUCATION

B.E in Computer Science and Engineering

Acharya Institute of Technology, Bengaluru | CGPA: 8.1/10.0

Working on Final Year Project: AI-Driven Interactive & Conference Management Platform
